Please include things like; type of business, number of employees, local suppliers used, what makes you unique or essential to our community.

Our ice business is seeking grant funding to service existing and purchase additional ice merchandisers to support continued growth, improve product accessibility, and expand service to underserved areas within our community. Demand for bagged ice has steadily increased due to population growth, seasonal tourism, community events, and the needs of local businesses. Additional merchandisers will allow us to place ice in strategic locations where customers currently have limited access to a reliable ice supply.

P5 : What is the plan

Q10. What is the plan for using the grant money (How will it be used)?

Funding would be used to service merchandisers we have acquired that need maintenance and also purchase new ice merchandisers that can be installed at convenience stores, campgrounds, grocery stores, marinas, and other high-demand locations. Expanding our network of merchandisers will increase product availability, improve customer convenience, and create opportunities for sustained revenue and employment growth.

Q11. Projected benefit of plan execution (e.g. viability of business, growth/expansion of business, impact on the community, etc...)

Grant funding will enable us to:

Purchase and install additional ice merchandisers at new retail locations.

Increase product availability throughout the service area.

Expand sales and business revenue.

Strengthen partnerships with local businesses.

Support future employment growth as distribution routes and service needs increase.

Improve customer access to a necessary everyday product.

This investment will provide long-term benefits for both our business and the communities we serve. Additional ice merchandisers will allow us to expand our reach, meet increasing customer demand, and create a foundation for sustainable growth. We appreciate your consideration of this future funding request and the opportunity to continue providing reliable service to local residents and businesses.
